chapter 2 **coming soon!**

2. Chapter 2

Ahsoka's POV

A loud crash suddenly woke me up from the ground at what I could guess was at 2:00 AM. Then I was hit hard with back pain. I ignored it and went to see what crashed, only to find two feet in front of me a huge crater with a large,unconscious, winged lizard of sorts. It suddenly woke up and I noticed a saddle on him and he started to inhale.

CLIFFIE!

3. Chapter 3

**Sorry guys but I will have to slow down the chapter making even more because school is starting for me tomorrow. although I will be

starting a new story involving ahsoka and a machine that will be my new profile photo.**

I'm doing this to say my stories aren't canceled.

4. I'm Sorry

Hey everyone...I am sadly going to be putting this story up for adoption...when I created This Story, i had no idea that it would become so popular...it put too much stress on me. So i'm deciding to move on to different stories.
